

January 27, 2009

Mr. Gary Ofisher
Director of Operations
Keeneyville School District 20
5540 Arlington Drive E
Hanover Park IL 60133

Dear Mr. Ofisher:

Thank you for all your hard work with the Wind Farm Energy Alliance. I appreciate your efforts and share in your enthusiasm for the remarkable potential of wind power. Together, your coalition of Illinois school districts, community colleges, and municipalities will help to promote the growth of wind energy in Illinois. In so doing, you will save on energy costs for local governments, and, more importantly, the tax payers who support them.

As I've said repeatedly, because of our addiction to foreign oil and our current energy crisis, everything that makes sense should be on the table. I'm for any viable American solutions. My focus is to force the public to discuss energy alternatives like wind farms and natural gas as transportation fuel. Like you, I am trying to get people to think big. Together, the American people can accomplish anything.

I wish you and the Wind Farm Energy Alliance the best of luck. I look forward to working with you over the coming months to end our dependence on foreign oil.

Sincerely,

T. Boone Pickens
